No appeal lies against the decision, however, the client or the person whose right or legitimate interest is directly affected by the administrative activity can bring administrative court action against the decision within 30 (thirty) days of its notification, pleading infringement of the law.

In the litigation legal representation is mandatory. The statement of claim must be filed using the form submission support service¹ at MNB, addressed to the Budapest-Capital Regional Court.

Filing a claim does not have suspensory effect on the enforcement or entry into force of the decision, but the client may seek immediate legal protection.

The court will, in principle, decide out of court. The client may request a hearing in the statement of claim. There is no valid certificate in case of failing to request a hearing.

In the proceeding- in addition to the administrative service fee paid for the procedure for acquiring control in a public limited company -no procedural costs were incurred.
