1. Presentation of the scope of activities

The legal predecessor of the issuer was registered by the Company Court on 7 August 2006 under the name of Plotinus Vagyonkezelő Kft. (as a limited liability company). Plotinus Zrt. (a private limited company) was established by means of transformation, by changing the legal form of the Company on 3 July 2008 and on 10 November 2010, it was transformed into a public limited company. Subsequently, on 15 February 2011, the ordinary shares of PLOTINUS acting as an Issuer were admitted to trading on the Budapest Stock Exchange, and on 08 April 2011 to the Stuttgart Stock Exchange (Börse Stuttgart).

Having regard to the pandemic and to the compliance with the relevant provisions, 2020 was an ambivalent year for the Company, the management of business processes in the first half of the year imposed more tasks to the employees and to the executive bodies of the Company. The objectives of the long-term strategy of the Company, i.e. acquisitions and real investments took place mostly in the second half of the year. In 2020, the Company did not avail itself of the capital increase option and the relevant mandate given by the General Meeting expired on 28 October 2020, which was re-included in the agenda of the Government Board meeting held within the competence of the Extraordinary General Meeting of 1 February 2021, and with its Resolution no. 5/2021. (of 1 February), it was approved up to the amount corresponding to maximum ten times the share capital recorded in the company register on the day of the Extraordinary General Meeting of the Company, held on 1 February 2021. The acquisition of the Company initiated in the second semester, i.e. the purchase of the 100% business shares of NEO Property Services Zrt. and Elitur Invest Zrt. was concluded outside the reporting period, at the end of February 2021.

The Company achieved its objective which allowed that its shares traded at the Budapest Stock Exchange were reclassified from the Standard category to the Premium category on 2 November 2020.

The Company acquired 26% of the remaining business shares of 4 Stripe Zrt. and of A PLUS Invest Zrt. and the 74% business shares of Aquaphor Zrt., therefore it has a 100% ownership interest in those companies.

In the second semester of 2020, the Company profitably sold the 74% business share of ALQ 69 Zrt. and in the last quarter of 2020, the property located in Ribáry utca in the 2nd district of Budapest was also sold.

In the first semester of 2020, the property located in Kárpát utca in the 13th district of Budapest was purchased, which is rented in 100% under a long-term lease agreement, thereby ensuring its profitability and return for the Company.

Its current subsidiaries and business shares on 31 December 2020 are summarised in the following table:

Name of the Company	Equity stake
VÁR-Logisztika Zrt. (registered office: 1124 Budapest, Lejtő út 17/A.; company registration number: 01-10-046822)	100 %
MOON Facility Zrt. (registered office: 1124 Budapest, Lejtő út 17/A.; company registration number: 01-10-049534)	100 %
ALQ SAS (registered office: France, Antibes 06600, 18 Avenue Louis Gallet; registration number: 841 053 077 R.C.S. Antibes, tax number: FR93841053077)	100 %
4 Stripe Zrt. (registered office: 1124 Budapest, Lejtő út 17/A.; company registration number: 01-10-049777)	100%
A PLUS Invest Zrt. (registered office: 1124 Budapest, Lejtő út 17/A.; company registration number: 01-10- 049740)	100%
Aquaphor Zrt. (registered office: 1124 Budapest, Lejtő út 17/A.; company registration number: 01-10- 140122)	100%

The Company prepared both its separate and consolidated IFRS Statements in which it included the following companies as subsidiaries in 2020:

- Vár-Logisztika Zrt.
- Moon Facility Zrt.
- ALQ SAS
- 4 Stripe Zrt.
- A PLUS Invest Zrt.
- Aquaphor Zrt.

The consolidated IFRS statement may also be consulted on the website of the Budapest Stock Exchange (www.bet.hu), via the disclosure system operated by the National Bank of Hungary (www.kozzetetelek.mnb.hu) and also on the website of AKKO Invest Plc. (www.akkoinvest.hu).

2. Size and composition of the share capital

Composition of the share capital of the Company on **31 December 2020**:

Share series	Par value (HUF/piece)	Issued pieces	Total par value
Ordinary shares	25	33,355,200	833,880,000
Share capital size	25	33,355,200	833,880,000

The ordinary shares of the Company constitute voting rights the extent of which depends on the par value of the shares. Accordingly, each ordinary share with a par value of HUF 25 gives an entitlement to 1 vote.

The share capital of the Company did not change during the year.

The Company possesses 190,000 treasury shares.

Share capital increase, decrease

The decision on increasing the share capital is made by the General Meeting based on the proposal of the Governing Board. The decision of the General Meeting is not necessary when the increasing of the share capital takes place within the competence of the Governing Board based on the authorisation of the General Meeting laid down in its decision.

The share capital may be reduced based on the decision of the General Meeting. The mandate given by the General Meeting for the share capital increase expired on 28 October 2020.

Pursuant to Resolution no. 5/2021. (of 1 February) taken by the Governing Board held within the competence of the Extraordinary General Meeting convened on 1 February 2021 following the closed business year 2020, the Governing Board received a new mandate for the share capital increase. The highest amount to which the Governing Board may increase the share

capital of the Company: the amount corresponding to maximum ten times the share capital (HUF 833,880,000) recorded in the company register on the day of the Extraordinary General Meeting of the Company, held on 1 February 2021.

Period during which the share capital can be increased: 2 (two) years from the date on which the decision on share capital increase was taken.

3. Changes in the structure of the Group

In the first semester of 2020, Akko Invest Plc. acquired an ownership interest in the following subsidiaries:

Name of the Company	Date of purchase	Equity stake (%) purchased
Aquaphor Zrt.	09/01/2020	74%
4 Stripe Zrt.	10/01/2020	26%
A PLUS Invest Zrt.	13/01/2020	26%

In the second semester of 2020, AKKO Invest Plc. announced that it had profitably sold business shares and properties. On 1 July 2020, the Company profitably sold the 74% business shares of ALQ69 Zrt. and on 19 December 2020, its property located in Ribáry utca in the 2nd district of Budapest.

On 7 September 2020, it provided information on its ongoing acquisition, i.e. the purchase of the business shares of NEO Property Services Zrt. and of its parent company, Elitur Invest Zrt.

5. Accounting policy and its changes

From 2020, the Company Group will apply the optional asset concentration rule set out in IFRS 3.B7A-C if it is not clear whether an acquisition qualifies as a business combination or an asset deal. The changed approach was treated retrospectively by the Group. The change of approach had an effect on a single acquisition (acquisition of 4Stripe Zrt.).

Having regard to the fact that the Company Group possessed investment properties at consolidated level already in the first semester of 2019, the following was decided:

After the initial recognition, the Company Group applies the cost model for the valuation of investment properties typically purchased for the purpose of realising profit on the rental or increase in value of the property, without utilising it or bearing the business risk of it.

In case of opting for the cost model, assets must be valued on the basis of the cost model in accordance with IAS 16.

These properties (typically office buildings, warehouses and factory buildings) are not used for own purposes in the longer run. Some of these properties have been used by way of rental or will be used/sold after the completion of ongoing investments, which will provide sufficient yield for the shareholders.

6. Performance figures of the previous year

In its report, AKKO Invest Plc. presents its processes that took place in 2020. The Company has prepared its consolidated financial statement for 2020 in accordance with the International Financial Reporting Standards (IFRS).

The most relevant figures for the Company Group include the evolution of equity and profit before tax, which are the most reliable performance measurement indicators. They were as follows:

Summary figures in Hungarian Forint (IFRS consolidated statement, HUF)	31/12/2020	31/12/2019	31/12/2018
Equity	5,599,773,000	5,970,282,000	30,475,000
Profit or loss before tax	54,369,000	-281,403,000	522,978,000

Sales revenues comprises the following items:

Designation	For the financial year ending on 31 December 2020	For the financial year ending on 31 December 2019
Revenue from property lease	111 579	35 567
Revenue from recharged costs	7 947	2 268
Revenue from property sales	70 300	-
Total	189 826	37 835

In 2020, the net sales revenue was HUF 189,826,000 as compared to HUF 37,835,000 recorded on 31 December 2019. This was mainly due to the fact that the revenue from the lease of properties owned by the subsidiaries of the Company showed a positive tendency despite the epidemic situation and that their lease was continuous.

Because of the pandemic, only the tenants of 4 Stripe Zrt. benefited from a provisional reduction of the rental fee, which did not have a significant impact on the evolution of the revenue from rental fees.

Direct operational expenditures:

Direct expenditures are expenditures that can be allocated beyond doubt to the revenue generating item when they are incurred. The content of direct expenditures is as follows:

Designation	For the financial year ending on 31 December 2020	For the financial year ending on 31 December 2019
Overhead expenses	(7 797)	(1 321)
Carrying value of property sold	(61 516)	-
Maintenance fees	(1 264)	(2 006)
Material costs	(4 370)	(1 376)
Wage costs	(10 291)	(4 228)
Wage contributions	(1 889)	(861)
Depreciation	(94 001)	(59 397)
Mediated services	(6 886)	(3 375)
Operation costs	(18 315)	(3 980)
Property insurance	(879)	(167)
Security guards	(178)	(30)
Waste disposal	(1 172)	(343)
Representation	(47)	-

Total	(208 605)	(77 084)
--------------	------------------	-----------------

Most of the costs of the current year were incurred in connection with property lease.

In the case of the properties owned by the subsidiaries of the Company, which are currently planned to be renovated and are not yet used (which do not generate revenue), incurred costs (operation and public utility costs, etc.) are fully recognised: under the lines “waste transport”, “operation costs” and “maintenance fees”.

The cost increase indicated in the line “asset insurance” shows the amount of asset insurance contracted for the properties owned by the Company Group as a result of the increase of its property portfolio.

The depreciation and impairment shows the amount of amortisation recognised for the properties, thus as a result of the increase of property ownership the amount of depreciation and impairment also increased proportionally as compared to business year 2019.

The increase in salary costs is due to the fact that the Company paid the honorariums to the executive members for business year 2019 and to the fact that the staff of AKKO Invest Plc. was increased by one additional staff member from 1 March 2020.

In the case of leased properties public utility bills are fully charged forward to the tenants.

Administrative fees:

Designation	For the financial year ending on 31 December 2020	For the financial year ending on 31 December 2019
Consultancy	-	(3 077)
Fee for bookkeeping services	(11 942)	(5 305)
Fee for financial services	(1 442)	(9 105)
Lawyer and legal fees	(7 905)	(19 323)
Official fees and levies	(7 195)	(9 471)
Insurance fees	(912)	(249)
Rental fees	(7 706)	(16 094)
IT services	(1 087)	(253)
Education and continuing training costs	-	(165)
Travel and mission expenses	-	(2 542)
Transportation costs	(34)	-
Miscellaneous expenses	(840)	(220)
Total	(39 063)	(65 803)

The cost increase related to bookkeeping services comprise the bookkeeping fees incurred by the subsidiaries included in the Company Group, as well as the fees related to the preparation and audit of IFRS statements.

In 2020, the fees of financial services almost halved due to the fact that the Company does not carry out any securities, derivatives and option transactions on the stock exchange. These amounts include the costs related to the Company's bank accounts as regards their management, cash-flow and loan aspects, as well as the amounts related to the management of the existing securities account.

The significant decrease indicated in the cost line “legal costs” is due to the fact that in 2019 the Company remedied the par value anomaly in its practice and Articles of Association, including the fees of preparing the Issuer's Information Note and of the related legal procedures. In 2020, those costs were not incurred any more, consequently this cost line includes the (legal) costs of the legal procedures required for daily administrative activities (conduct of the General Meeting, Company Court procedures, property sales contracts).

In 2020, the expenditure on rental fees more than halved as compared to 2019, because of the discount offered for the period of the pandemic on the rental fees of the office space rented by the Company and because of the change in the size of the office space.

In 2020, the Company did not spend any amount on continuing training of its employees.

In 2020, no travel and mission costs were recognised.

Costs of sales include the expenditures directly related to sales.

Designation	For the financial year ending on 31 December 2020 (THUF)	For the financial year ending on 31 December 2019 (THUF)
Listing and maintenance fees, fees paid directly to securities brokers	(6,726)	-
Communication and marketing costs	(4,071)	(1,080)
Total	(10,797)	(1,080)

The increase in the fees paid by the Company to the BSE also indicates that the sales of the Company's shares increased in 2020 and only the quarterly listing fees were recognised, whereas in 2019, monthly disclosure fees had to be taken into account as well.

The increased marketing and communication expenses include the amount of costs incurred as a result of the press releases and of the reclassification of the Company into the Premium category on 2 November 2020.

7. Business environment and results of the year

The Company closed 2020 in accordance with the expectations. In the first semester of 2020, AKKO Invest Plc. further increased its equity stake in the business shares of the purchased subsidiaries, thereby extending its equity stake to 100% in those companies. Because of the established pandemic, the Company could take meaningful steps in the area of acquisition mainly in the second semester of 2020. No share capital increase took place and the mandate previously given by the General Meeting expired on 28 October 2020. On 7 September 2020, the Company announced that it intended to purchase the 100% business shares held by NEO Property Services Zrt., which it intended to realise from its own contribution, on the one hand, and through bank debt financing, on the other hand. The closure phase of the project was extended to business year 2021 which was closed on 26 February 2021 with the drawdown of the bank loan the payment of the purchase price of the business shares.

In the first semester of 2020, the property lying at Kárpát utca 50 in the 13th district of Budapest, used as an office building and rented under a long-term lease agreement, thereby ensuring profitability for the Company.

In the second semester of 2020, the 74% business share of ALQ69 Zrt. and the property located in Ribáry utca in the 2nd district of Budapest were profitably sold.

Because of the established pandemic situation, with regard to two subsidiaries (Vár-Logisztika Zrt., 4 Stripe Zrt.) it has had and still has a loan repayment moratorium which is an option provided by the extraordinary measures of the Government of Hungary until 30 June 2021 for companies contracting loans.

Having regard to the extraordinary measures taken in response to the coronavirus (Covid-19) pandemic, in particular the provisions of Section 4 of Government Decree 46/2020 (of 16 March), the Company adopted its separate and consolidated IFRS statements for 2019 via decisions and resolutions taken within the powers of the Governing Board.

On 21 September 2020, AKKO Invest Plc. was included in the BUX index basket as a new share series.

In 2020, the presence at the stock exchange was important for the Governing Board, thus it strived to create value with the Company's long term presence at the stock exchange and therefore on 2 November 2020, it was reclassified from the Standard category to the Premium category based on the criteria formulated by the BSE.

Derivatives, securities:

In 2020, the Company did not enter into securities transactions and it is not planning to carry out such transactions in the future, either.

Longer term capital market investments:

The Company does not have such investments.

Real economy:

The main strand and strategy for the Company concern the realisation of investments in the real economy. In the first semester of 2020, it continued the already started business share acquisitions by purchasing further ownership interests, thereby ensuring that it could increase its ownership interest to 100% in the previously purchased companies.

In the second semester of the year, the Company announced the purchase of the business shares of NEO Property Services Zrt. and the conditionalities necessary for its completion (contracting bank loans). Simultaneously, the Company started to comply with the conditions necessary for the acquisition and the bank loan contracting, as well as to prepare the documents necessary for its conclusion, i.e. the drawback of bank loans and other documentation and to submit them to the bank. The acquisition was concluded after the balance sheet date, in February 2021.

The current property portfolio of the Company

- In Szolnok, Nagykanizsa and Budaörs: the Company manages industrial properties,
- in Zamárdi: a holiday centre to be renovated,
- in Budapest: a villa building to be renovated,
- as well as an office space located in a residential property in the 13th district of Budapest.

Industrial properties are mostly commercial and logistic facilities.

The property portfolio includes a hotel project in France (Cyrano Hotel – Juan-Les-Pins, Antibes), managed through the subsidiary of ALQ SAS.

Vár-Logisztika Zrt.

The property comprising a nearly 600 square metres factory hall and a building of several hundreds square metres is currently rented by a freight forwarding company under a lease agreement of 5 + 5 years.

One of the main merits of the property is its good location: the area is close both to the town gate and to the motorway exit, it is situated in a less industrialised section of Nagykanizsa, it can be accessed and traversed by commercial vehicles as well.

Surface area of the land plot: 8,223 m²

Buildings: 2,064 m²

The further development and use of the property allow for a higher yield than the current one, which provides a higher return.

MOON Facility Zrt.

The property is located in the industrial sector of Szolnok, in the South Western part of the town. The property is suitable for being used for multiple purposes because of its location and design.

Currently, the property is rented by several tenants and the Company intends to use it by further rental and development.

The property also comprises industrial railway sidings connected to the countrywide network.

Surface area of the land plot: 48,627 m²

Superstructures: 3,330 m²

ALQ SAS

The hotel is located in France, in the town of Antibes, 50 m from the sandy beach of Juan-Les-Pins. Juan-Les-Pins is one of the most popular towns in the surroundings.

The 3-star hotel needs to be renovated so as to provide an appropriate yield to the Company in its capacity as an Issuer and to its shareholders. The 5-storey property with 36 rooms has a total surface area of 1,200 m², for which two external parking lots were purchased as well.

4 Stripe Zrt.

Surface area of the land plot: 3,932 m²

Superstructures: 3,904 m²

The property is currently rented by seven tenants. The occupancy rate is 90%. The Company seeks to reach an occupancy rate of 100%.

A PLUS Invest Zrt.

Surface area of the land plot: 2,269 m²

Superstructures: 438.17 m²

The property will be used after its improvement.

Aquaphor Zrt.

Surface area of the land plot: 2,152 m²

Superstructures: 876 m²

The resort will be utilized after the renovation, and the possibility of sale has arisen if the Company receives a suitable offer for the sale of the property.

On **30 December 2020**, the Corporate Event Calendar 2021 was published.

Expectations:

In 2020, the Governing Board further increased the ownership of its business shares and its property portfolio, which it intends to continue in 2021 as well.

The parent acquired 100% of the shares of Elitur Invest Zrt on 26th February 2021.

The parent acquired 49% of the shares of NEO Proproperty Zrt on 26th February 2021.

On 26 February 2021, the Company notified the shareholders in an extraordinary disclosure that pursuant to the sales and purchase contracts signed on 7 September 2020 the purchase of the shares of NEO Property Services Zrt. has been completed in view of the fact that the credit line provided by OTP Bank Plc. has been drawn down and the Company paid the required purchase price. Following the transaction, AKKO Invest Plc. holds 100% of the shares of NEO Property Services Zrt.

NEO Property Zrt. proposes a dividend of 1 460 233 th HUF for the AGM. This proposal will be decided on the AGM held on 16th April.

In 2021, the Company intends to extend its asset management activity by carrying out further acquisitions.

In 2021, the amount of the revenue expected as a result of the consolidation is above HUF 25 billion, whereas the expected EBITDA is HUF 18 billion.

Loans

Debtor	Expiry date	Interest rate	31 December 2020 (THUF)	Due within 1 year (THUF)	Due within 5 year (THUF)	Due over 5 years (THUF)
VÁR-Logisztika	15/06/2023	2.5%	56,159	12,000	44,159	-
4 Stripe Zrt.	30/11/2030	1.9%	456,412	42,311	130,483	283,618
Total			512,571	54,311	174,642	283,618

The Company ensures continuous liquidity to its subsidiaries by providing member's loans.

On 31 December 2020, Vár-Logisztika Zrt. had an outstanding loan with Orgovány és Vidéke Takarékszövetekzet "f.a." which was taken over by Takarékbank Zrt., therefore its outstanding items amounted to HUF 56,159,000 on 31 December 2020.

The Company's other subsidiary, 4 Stripe Zrt. concluded a loan agreement amounting to EUR 1,250,000 with the Hungarian branch of Oberbank AG on 20 February 2020, and as a result of the measures taken in response to the established epidemic situation, no loan redemption took place, therefore its outstanding loan to be repaid to Oberbank AG was HUF 456,412,000 on 31 December 2020.

8. Objectives and strategy

AKKO Invest Plc. is a holding company, i.e. a company with equity stake is several undertakings, the economic objective of which is to realise long-term increase in value through efficient cooperation between the holding and the subsidiaries. Akko Invest Plc. invests its own assets, without performing external asset management. Its fundamental objective is not necessarily the sale of the subsidiaries owned by it, but to achieve asset accumulation and increase in value in the subsidiaries (and obviously in the parent company), and through that in the parent company.

So, the Company's objective is to build a successful holding company which, despite the risky operation and due to its diversified nature, will hopefully be able to generate added value for its owners in most market and economic environments. Its most important objective is to generate added value for the Company and in parallel, to generate value for the shareholders.

As the Company intends to carry out investments in the real economy with a high yield-generating capability, it has started to build up its property portfolio through acquisitions.

Resources and risks

Financial and economic risk factors:

AKKO Invest realised revenue from the net profit on financial investments, on the sale of business shares of its subsidiary, ALQ69 Zrt. and on the sale of the property in Ribáry utca.

The Company realised profit (revenue) through its subsidiaries which provide an appropriate source of income for the parent company under lease agreements.

The tenants of 4 Stripe Zrt. benefited from a reduction to the rental fee for a period of 2 months, which did not change significantly the forecast income from rental fees for 2020.

At the end of February 2021, the Company completed its project for the acquisition of the 100% business shares in NEO Property Services Zrt. In addition to its own contribution, AKKO Invest Plc. secured the business shares intended be purchased by contracting a loan of HUF 12 billion for the purchase of the business shares of the special purpose entities.

Because of the extraordinary situation established as a result of the pandemic, in the case of subsidiaries with loans (Vár-Logisztika Zrt., 4 Stripe Zrt.) the loan instalments that were due were not repaid as an option provided by the loan moratorium; therefore the repayment these loans will continue after 30 June 2020.

Scale of the expenditure:

As compared to 2019, the expenditure level shows a decrease in 2020, which is due to the decrease of the amount of legal fees.

The Company is highly human resource-oriented, its success depends on the right decisions of the Governing Board. Risks are due to the same fact. Where necessary, the Company is willing to rely on external resources (loan, lease, bond issuance) to some extent, thus a small shift in the exchange rate of the acquired assets may also significantly modify the value of the Company and thus the price of the shares. ***Evolution of the assets of the Company (and consequently the price of the shares) may show quite significant variations and there is a chance for capital loss at any time.***
