

Extraordinary Announcement of 4iG Plc.

on acquiring 9.538% of the shares of Space-Communications Ltd. in a public share issue

4iG Public Limited Company (“4iG”) hereby informs the participants of the capital market that in accordance with the prior approval of the Israeli Ministry of Communications and pursuant to the new agreement between the Parties, and as previously announced¹, on October 06, 2022 in a public share issue, 4iG acquired 9.538 percent of the shares of Space Communications Ltd. (hereinafter: Spacecom), which operates and develops AMOS satellite systems, as a first step of a multi-step transaction.

Through the ongoing series of transactions, 4iG can purchase 20 percent of Spacecom's shares. In three years after closing of this first step of the transaction announced on Budapest and Tel Aviv Stock Exchanges, 4iG can increase its share in Spacecom by additional 31%, if the Israeli Ministry of Communications and the shareholders agree to the further acquisition.

Budapest, 07th October, 2022.

4iG Plc.
