

Extract from Resolution No. 1/2023 of the Conciliation Committee

Budapest, February 6, 2023

Upon authorization by Section 30.8 of the Book Five of the “General Terms of Service of the Budapest Stock Exchange Ltd.” titled “Regulations on Trading” (hereinafter: Regulations on Trading), the Conciliation Committee of the Budapest Stock Exchange passes the following decision on single equity based Graphisoft Park SE futures contract, regarding the change of trading currency of its underlying product and taking Section 32.3 f) of the Book Two of the “General Terms of Service of the Budapest Stock Exchange Ltd.” titled “Regulations on Listing and Continued Trading” (hereinafter: Regulations on Listing) into account.

The Conciliation Committee sets February 10, 2023, as the Last Trading Day in certain maturities of the Graphisoft Park SE futures contract.

Considering the stipulation contained in Section 32.2.b) of Regulations on Listing the Conciliation Committee sets February 14, 2023, as the day of removing the above contract from the Product List.

In case there are positions remaining open on February 10, 2023, they will be settled by cash settlement, basically at end-of-day settlement prices set for the different maturities on February 10, 2023, which in this case will be published in an announcement following the closing of the day. If the Conciliation Committee detects transactions of manipulative intention on the last day of trading, which divert end-of-day settlement prices, then it will determine and publish final settlement prices by disregarding those deals.
