### CEE Trader version for T7.8.1

Dear Sir or Madam,

Please be informed about a new version of CEE Trader, capable with Xetra T7 8.1 as of now.

Enhancements / corrections:

- Trading phase of executed trades available in Trade Overview Window
- Settlement date for Block Trades is displayed in Trade Report Overview Window

The new version is available for download:

[https://software.infrontservices.com/Terminal/InstallCeeTrader85\\_264b.exe](https://software.infrontservices.com/Terminal/InstallCeeTrader85_264b.exe)

[https://software.infrontservices.com/Terminal/InstallCeeTrader85\\_264b.msi](https://software.infrontservices.com/Terminal/InstallCeeTrader85_264b.msi)

To have several CEE Trader versions in place (i.e. for Simulation and Production) it is recommended to install the SW in different locations, thus can be done with 'Customized Installation' within the installation wizard.

For any further questions do not hesitate to contact us ([it\\_helpdesk@wienerboerse.at](mailto:it_helpdesk@wienerboerse.at) or by phone +43 1 53165 170).
